

## Recipe For a Route Description

- 1. Type of path** (Footpath, Bridleway, Byway, National Trail, Orange road, Yellow road)
- 2. Direction** (N, S, E, W, SE, NW etc.)
- 3. Distance** (300m, 0.5km, 1.2km etc.)
- 4. Distinguishing features** (Through woods, past Rectory Farm, uphill, downhill, across path junction, handrailing river on left etc)
- 5. To a Point where either you change direction or the path type changes**

For example:

- a. Footpath SW for 400m past mast to cross paths, then bridleway W for 1.5km downhill to junction with orange road.
- b. Byway N 1km past Joe's farm to junction with road, 200m west on road then bridleway N to Green Woods.
- c. Footpath N, curving NE 1.5km to Manor house, then Bridleway E 500m past church to junction with footpath.
